

MAJ. BAILEY TO HEAD HOPKINS MEDICAL UNIT

Course to Be Four Years. With One Year Off for Previous Experience.

Major Howard H. Bailey, of the Army Medical Corps, has been detailed under the national defense act as professor of military science and tactics at the Johns Hopkins University Medical School.

The detail of Major Bailey for full-time duty at Hopkins puts the recently formed university unit in the Reserve Officers' Training Corps on a basis similar to the infantry unit at Homewood. Major Enoch B. Garey, commandant at Hopkins, says Major Garey will be first in command of the medical unit as well as of the infantry and the new engineering units. However, by reason of the separation of the medical unit in a distant part of the city, Major Garey says, Major Bailey will be given wide powers of jurisdiction.

The Reserve Medical Officers' Training Corps unit was organized on a part-time schedule last March, when about fifty medical students enrolled for lectures in army medical practice, hygiene and sanitation, given by Major Bailey, who came from Washington Barracks once each week. This work now will be expanded into a full four-year course, upon the completion of which a student will be qualified to enter the Army Medical Corps. Three years only will be required of students who have had previous medical military experience.

Girls, Here Are 5 Rules to Get and Hold Husband

PHILADELPHIA, Pa., Sept. 3.—Five rules on "How to catch a husband and how to hold him" were drafted by the young women of the New Century Guild at a symposium held at the headquarters.

After all the members had expressed their views it was decided to adopt the following rules:

- 1.—A blonde should marry a brunette, and vice versa.
- 2.—Be financially independent; then you can talk back to your husband if you feel like it.
- 3.—Do not scramble on the floor for your husband's collar button.
- 4.—Don't ask your husband to shine your shoes. In other words, do not be your husband's slave, and do not ask him to be yours.
- 5.—Don't be shocked if your husband says "damn" once in a while.

The five rules were adopted only after many divergent views had been expressed. Miss Ida E. Turner, who acted as chairman, characterized the lords of creation as "elusive" and "grouchy" beings.

AFFLICTED GIRL'S CURE REGARDED AS MIRACLE

SIMPSONVILLE, Md., Sept. 3.—What is considered by residents of this vicinity to be a miracle is the case of Edna Wall, nine-year-old daughter of Mr. and Mrs. John C. Wall, of that place, who walked without artificial aid for the first time in many years.

Ever since she was a baby the girl has suffered from tuberculosis of the spine, which has made it necessary for her to wear braces and other artificial aids in walking. A few mornings ago after she had finished dressing, she walked down the stairs of the house with none of these braces as any normal child would do. Her parents were startled by the sight and as soon as the news spread hundreds of neighbors went to the residence to see the girl.

REJECTED BY WOMAN, SUITOR SHOTS HIMSELF

BALTIMORE, Md., Sept. 3.—When Miss Annie Scroggs, 1632 Clement street, left the room after rejecting his proposal of marriage, Leo Bonnie, twenty-eight years old, shot himself through the neck and was found mortally wounded by his sweetheart when she pushed back upon hearing the report. He died a few minutes after being admitted to South Baltimore General Hospital.

Bonnie boarded with Mrs. Agnes Bannan, proprietress of a saloon and lodging house at 1707 Fort avenue, and his sweetheart was employed there. He was a marine engineer and had served in the navy.

DYEING EYELASHES IS LATEST FAD OF BEAUTIES

NEW YORK, Sept. 3.—Getting sunburned eyelashes dyed black while you wait is the latest trick of Brooklyn girls. A beauty parlor near Borough Hall, which does the job in fifteen minutes for 50 cents, is doing a sure-fire business "giving settings to the eyes."

The proprietress declared Egyptians had used the system and that the French has followed it. It is hinted men also ruled by wanting dropped into the shop to have their lashes revarnished.

CHURCHES SEEK TO MAKE ENGLAND DRY

Decision of Wesleyan Churches to Begin Five-Year Campaign Not Unanimous, However.

LONDON, Sept. 3.—Simultaneous with the announcement that drunkenness is again on the increase in England comes the news that the Wesleyan churches are about to launch a five years' crusade to make the country dry.

Official figures show that there were 95,763 convictions for drunkenness in England and Wales last year, an increase of 65 per cent over the preceding year. If this rate of increase continues the number of convictions will soon be back at the high mark registered in 1913—188,877.

There was a great falling off during the war, due to restrictions on the sale of liquor and the fact that a large part of the male population was fighting in foreign countries or in training camps.

The Wesleyan churches announce that their drive is to be purely educational and without any sensational features. "With red-hot enthusiasm," announces the Rev. J. Alfred Sharpe, president of the Wesleyan conference, "we can make the forces of the devil tremble, even in these days."

The decision to open the campaign was not reached by unanimous vote. The Rev. Sayer Ellis said that, loving liberty, he could not support prohibition.

"We have no right," he cried, "to deny to thousands of decent people the right to drink what they want."

Prince's Son Fatally Hurt.

PARIS, Sept. 3.—Jean Ghika, son of Prince Alexander Ghika, of Rumania, was mortally injured by a fall while climbing a mountain in the canton of Valais, in the southwestern part of Switzerland.
